In both **BROKEN HILL** and **RENMARK** there are a significant number of Motels, Hotels, Caravan and Tourist Parks. Use the contact numbers above. We suggest you make bookings as early as practicable in all the overnight stops. Cobar for example is in the middle of a mining boom and the mining companies book out rooms months in advance. (in 1 case they have booked 12 months ahead; in another they have actually purchased a motel).

NOTE: In all cases the Tourist Information Centres are aware of the Classic Outback Trial and in some cases special rates have been negotiated at some of the establishments listed above. You should mention the Classic Outback Trial when making enquiries. See Newsletters and Website for any updates. We are also in the process of organising lunch breaks and catering where applicable.
